14. The individual designated to perform the functions of Radiation Safety Officer (RSO) for activities covered by this license is Robert M. O'Donel III.
15. The licensee is authorized to distribute their leak/wipe test kit Model SIT-1 to customers and to subsequently analyze the leak/wipe sample.
16. Sealed sources containing radioactive material shall not be opened or removed from their respective source holders.
17. In accordance with correspondence and procedures as specified in application dated July 28, 2004, the licensee is hereby authorized to perform in-house radiation survey instrument, pocket dosimeter and alarming rate meter calibrations.
18. The licensee shall maintain, for inspection by the Agency, appropriate records for the verification of reported leak test results.
19. Installation, initial radiation survey, relocation or removal from service of fixed gauges containing radioactive material shall be performed only by the RSO and/or other individual workers only after the completion of classroom and on-the-job training as specified in application dated July 28, 2004 and "Removal of fixed nuclear device with open shutter" procedures dated February 9, 2004. Documentation verifying the successful completion of the training for each worker shall be maintained by the licensee for inspection by the Agency.
20. The licensee shall conduct a physical inventory, at least every six months, to account for all sealed sources received and possessed under the license. The records of the inventories shall be maintained for inspection by the Agency for three years from the date of the inventory and shall include the radionuclide, number of curies, location of each source of radiation, the name of the individual making the inventory, and the date of the inventory.
21. Except as specifically provided otherwise by this license, the licensee shall possess and use the radioactive material authorized by this license in accordance with statements, representations, and procedures contained in the following:

application dated July 28, 2004,
letter dated June 10, 2005 and
procedures dated February 9, 2004.

Title 25 TAC §289 shall prevail over statements contained in the above documents unless such statements are more restrictive than the regulations.
